Dear [redacted]

25X1

This is in reply to your memorandum, dated 11 September 1948, subject: 50 kw Broadcasting Station on Okinawa.

I have refreshed my memory by referring to our memorandum, dated 15 July 1948, to the Assistant Director for Operations on this same subject, which we prepared following Lt. Colonel J. I. Martin's visit to us while you were here. I am still of the opinion, which was at that time shared by you and [redacted], that this plan does not represent a firm decision of the Ryukyu Command. I believe that it would be premature for us to go to the Department of the Army at this time and voice our protest. It is my desire, however, that you give this matter your close attention on Okinawa. If it appears now or at any time in the future that such a plan is actually being taken seriously and that there is even a small possibility that it will be implemented, please advise me at once in order that I may voice our protest to the proper authorities.

Sincerely,
